

# History & Commitment

LEW Corp, founded in 1991 with the intent to provide our clients with a well trained, experienced professional staff, whose sole purpose is to assist or alleviate our clients of their environmental concerns. LEW Corp is nationally recognized as an industry leader and we've performed with a 96% repeat customer base since 1991, environmental testing, consulting, training and remediation services ranging in size from large government projects and commercial properties to small single family homes.

LEW Corp has earned a reputation for working smart and hard for our clients, constantly incorporating new products, practices and procedures for identifying, remediating and controlling environmental hazards. In 2009 and again in 2011, LEW Corp was awarded the New Jersey Apartment Association's Industry Partner of the Year award recognizing our efforts in support of the multi-family housing industry. In the last 12 years, LEW Corp has been honored on multiple occasions for our dedication to clients including:

- **IAQ Publications, Inc.**  
Contractor of the Year Award Lead Tech 1997
- **The Architects League of Northern New Jersey**  
1997 Certificate of Appreciation
- **NJAA - 1999 President's Award**
- **National Lead-Safe Housing and Indoor Environmental Conference & Expo 2001**  
Lead Star Award Outstanding Service in the Lead Poisoning Prevention and Lead Hazard Control Fields
- **2002 ABO Emma Lazarus Award**
- **Healthcare Facilities Management Society of New Jersey**  
2008 Certificate of Appreciation
- **IFA Course Lecturer 2008**
- **NJAA Garden State Awards**  
2009 Business Partner of the Year
- **NJAA Garden State Awards**  
2011 Business Partner of the Year

By LEW Corp remaining an industry leader, we are better suited to assist our clients, consequently saving them time and money with a level of service and expertise that they deserve and desire. Fully licensed and fully insured, LEW Corp is ready to protect clients projects from environmental issues like **LEAD-BASED PAINT, ASBESTOS, MOLD/IAQ, PHASE I & II, RADON** and **USTs** and much more
