## New Jersey Lead-Safe Certification

Municipal records indicate your property located at: <<**Property Address**>> is impacted by the State of New Jersey's Lead Safe law, N.J.A.C. 5:28A. Under the provisions of N.J.A.C. 5:28A, New Jersey is mandating periodic inspections for single-family, two-family, and multiple dwellings, with exemptions for units built after 1978, seasonal rentals, and those certified lead-free. The law requires landlords to remediate any identified lead hazards and obtain lead-safe certifications.

As required with the new law, certain rental units in Lake Como Borough, built before 1978, are required to have a visual inspection to assess for lead hazards completed by **July 22, 2025**.

Depending on the results of the visual inspection, a lead-safe certification will be issued which is proof of compliance with the law. The Lead-Safe Certification will be valid for a three-year period. New Certificates of Occupancy will not be issued without a valid Lead Safe Certificate or an exemption.

**UNDER STATE LAW, PROPERTY OWNERS WHO FAIL TO COMPLY WITH THESE NEW INSPECTION AND CERTIFICATION REQUIREMENTS COULD RECEIVE FINES OF UP TO \$1,000.00 PER WEEK**

### LEW Environmental
