NEW NJ State Law - Lead Paint Testing Required in Rental Units

Municipal records indicate your property located at: <<Property Address>> is impacted by the State of New Jersey's Lead Safe law, N.J.A.C. 5:28A and action is required.

Under the provisions of N.J.A.C. 5:28A, New Jersey is mandating periodic inspections for single-family, two-family, and multiple dwellings, with exemptions for units built after 1978, seasonal rentals, and those certified lead-free. The law requires landlords to remediate any identified lead-based paint hazards and obtain lead-safe certifications.

Rental properties located in Clark Township must have inspections scheduled by September 22, 2025, with the inspection completed before the end of 2025.

UNDER STATE LAW, PROPERTY OWNERS WHO FAIL TO COMPLY WITH THESE NEW INSPECTION AND CERTIFICATION REQUIREMENTS COULD RECEIVE FINES OF UP TO \$1,000.00 PER WEEK

Why Did I Get This Notice?

If you're a single-family home, your property could have been flagged as a potential rental because your property address differs from your tax billing address. If your property is not a rental, please call LEW Environmental or scan the QR code below to quickly and easily update the township's rental records.
