Lead Dust Wipe Report

For 14 Ford Avenue Unit:Primary Freehold Borough, NJ 07728
07/01/2024

On 06/18/2024, LEW Environmental Services, LLC (NJDC 00015 E) performed a dust wipe sampling for the presence of lead at 14 Ford Avenue Unit:Primary, (the "property") in compliance with NJAC 5:28A. We conducted our inspection in accordance with all federal, state, and municipal regulations. The regulations and inspection standards require that we plan and perform the inspection to obtain a reasonable assurance about whether or not the property is at risk from lead dust.

The maintenance and the environmental conditions of the property are the responsibility of the property's management, principals, or owners. If the property, program, or any of its tenants receive financial federal assistance, the results of this evaluation must be provided by the designated party (client) to the owner of the referenced property and the occupants within 15 calendar days of the date when the designated party receives this report or makes the presumption that lead-based paint hazards exist, per the Department of Housing and Urban Development 24 CFR Part 35.125.

All dust wipes tested are not considered actionable for lead dust. The property may still contain lead painted components and lead dust re-accumulation is possible.

Respectfully Submitted,

The Reporting Limit (RL) is 5.00 ug Total Pb. Dust wipe area and results are calculated based on area measurements determined by the client. All internal quality control requirements associated with this batch were met, unless otherwise noted.

The condition of the samples analyzed was acceptable upon receipt per laboratory protocol unless otherwise noted on this report. Results represent the analysis of samples submitted by the client. Sample location, description, area, etc., was provided by the client. Results reported above in ug/ft² are calculated based on area supplied by the client. If the report does not contain the result for a field blank, it is due to the fact that the client did not include a field blank with their samples. These sample results do not reflect blank correction. This report shall not be reproduced except in full, without the written consent of Environmental Hazards Services, L.L.C.

ELLAP Accreditation through AIHA LAP, LLC (100420), NY ELAP #11714.

Legend

ug = microgram
mL = milliliter

ug/ft² = micrograms per square foot
ft² = square foot

Pb = lead
